

Retail Banking Solutions

Rethink & Reimagine the Customer Banking Experience

Harness the power of customer authentication to drive deeper engagement with your clients while extending your brand's visual impact.

CUSTOMER ENGAGEMENT

The Equinox family of modern solutions extends a consistent customer banking experience wherever the interaction takes place: at the teller station, in a banker's office, or via self-service stations.

Our stand-alone, integrated and mobile terminals support a variety of features essential for conducting business at the branch level.

- Cardholder authentication
- Mobile wallet authentication
- Cash advance
- Contract signature capture
- Targeted marketing
- Customer feedback

TARGETED SERVICE OFFERS

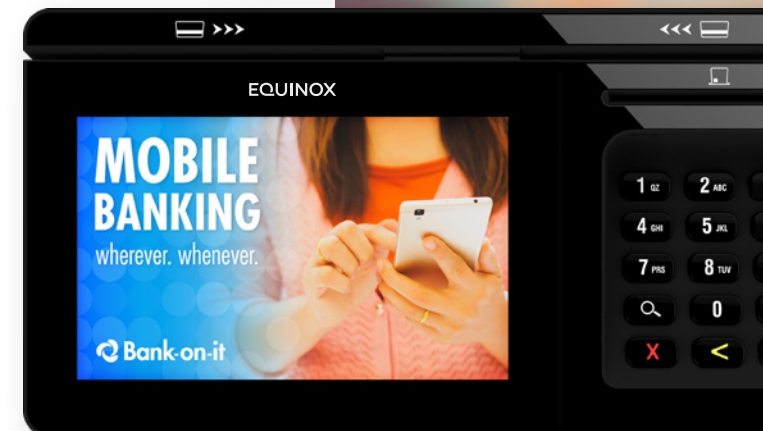

Use cardholder authentication at all points of engagement to promote products and services aligned with type of customer.

Consumers

- Mortgage
- Retirement
- Auto/home loan
- Wealth management
- Mobile banking

Small Businesses

- Payroll
- Business credit cards
- SBA loan
- Merchant services
- Insurance

RETAIL BANKING SOLUTIONS

LUXE™ 6200m

Compact modular solution combines a smartphone-sized base device with an attachable power/printer module and a choice of communications, including Bluetooth BLE, Wi-Fi, 4G LTE, cabled. The result is an array of fixed and mobile configurations—PIN pad, stand-alone/integrated terminal, wireless solution—suited for every engagement environment.

LUXE™ 8500i

Sleek integrated solution combines elegant design features with a smart and secure architecture that elevates the customer experience by turning the point of banking into an engaging point of interaction that supports authentication, advertising and promotions, surveys, self-service applications, and more. Top-mounted card readers support magnetic-stripe, EMV and NFC contactless technology.

LUXE™ 3300a

The Luxe 3300a device authenticates customers via magnetic stripe, EMV and NFC contactless. An integrated PIN pad, printer and full-color signature capture touchscreen make it ideal for cash advance transactions. The Luxe 3300a can run as a stand-alone terminal or a semi-integrated solution.
