

# Healthcare Solutions

## Rethink & Reimagine the Healthcare Experience

Harness the power of cardholder identification and smart design to drive deeper engagement with your patients.

### CUSTOMER ENGAGEMENT

The Equinox family of modern solutions engages customers and extends a consistent patient experience wherever the interaction takes place: at registration/checkout, in the pharmacy, labs and specialty areas, and on the road.

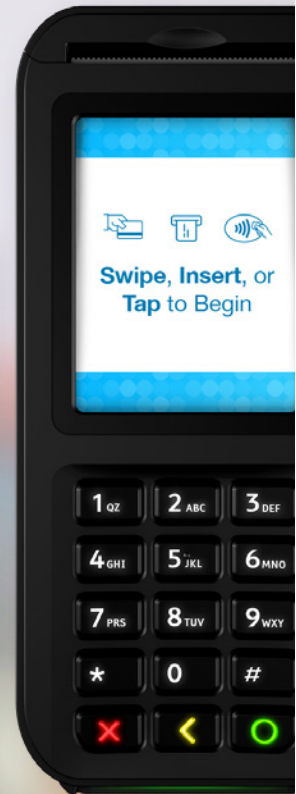

Our integrated and mobile terminals support a variety of features essential for conducting business and promoting services throughout your facilities.

- Patient identification
- Patient registration
- Targeted marketing
- Patient portal enrollment
- HIPAA/insurance compliance
- Mobile screenings/tests
- Patient surveys/feedback

### TARGETED OFFERS

Use our solutions at all points of engagement with your customers.

- Patient portal awareness
- Drug company promotions
- Drug interactions
- Wellness tips
- Upcoming events (mobile screenings, educational sessions, etc.)

# EQUINOX HEALTHCARE SOLUTIONS

## LUXE™ 6200m

The 6200m modular solution combines a smartphone-sized base device with an attachable power/printer module and a choice of communications, including Bluetooth BLE, Wi-Fi, 4G LTE, cabled, and combinations of each. The result is an array of fixed and mobile applications—PIN pad, stand-alone/integrated terminal, wireless solution—suited for every engagement environment. Software applications can be leveraged across the Luxe 8500i and 6200m.

## LUXE™ 8500i

The Luxe 8500i integrated solution combines sleek, elegant design features with a smart and secure architecture that elevates the patient experience by turning the registration or payment process into an engaging point of interaction that supports identification, tips/promotions, surveys, self-service applications, and more. Top-mounted card readers support magnetic-stripe, EMV and NFC contactless technology. It features a 5" high-definition touch display that supports pen and finger-based signature capture.

## LUXE™ 3300a

The Luxe 3300a terminal is an all-in-one device that can identify patients via magnetic stripe, EMV and NFC contactless presentation methods. An integrated PIN pad, printer and full-color signature capture touchscreen display, and support for up to 20 provider IDs make it ideal for small medical offices. The Luxe 3300a can run as a stand-alone terminal or semi-integrated solution.
